

IRIDIUM EXTREME SATELLITE PHONE™ – GET IT FIRST FROM INFOSAT

IRIDIUM'S TOUGHEST HANDSET, NOW WITH INTEGRATED GPS TO SUPPORT LOCATION BASED SERVICES & SOS DISTRESS SIGNALING

The Iridium Extreme Satellite Phone is the smallest, lightest and most durable satellite telephone available. Designed to meet and surpass military specifications, you can be certain that your rugged Iridium Extreme handset will readily handle some of the harshest environmental condition conceivable while continuing to provide reliable access to the global Iridium Network.

The Iridium Extreme offers integrated GPS for access to Location Based Services (LBS.) LBS provide access to mapping, geo-fencing and alert options including SOS distress signalling. The Iridium Extreme handset with Infosat's LBS make fleet management and meeting safety requirements simple and cost effective.

Infosat Communications LP is proud to provide our customers with Iridium hardware and Iridium Authorized Tier One Service. For more information on the Iridium Extreme Satellite Phone or WiFi Accessory, please contact Infosat at:
